# Greetings:

Thank you all for your interest and patronage during the past year. We appreciate the many kind remarks and testimonial letters (also the one request for an adjustment and subsequent nice letter of satisfaction and thanks). We try our best at all times but are only human and an adjustment is sometimes necessary. We welcome an opportunity to promote good will, satisfaction and friendship. We want our customers to be our friends.

In spite of a rather wet season, we have dug the nicest, cleanest, healthiest crop of bulbs it has ever been our pleasure to harvest. Another large grower, who dropped in to see me while some of the bulbs were in the curing stage, exclaimed over and over on their fine appearance. You, too, are sure to be pleased with the ones you buy.

It had been our intention to illustrate our catalog this year but decided to eliminate this added expense as black and white and even colored illustrations are not at all satisfactory in giving a true picture of a "glad." We try to be honest with our description without going into too great detail and although, it is impossible to please everyone, we believe you will be enthusiastic if you govern your purchases by the descriptions we give.

## ABOUT THIS YEAR'S PRICES

A comparison with last years catalog will show an approximate average reduction of from 20 to 25% on named varieties. I believe you will also find our prices on collections as quite a bit lower than many other growers listings.

Our expenses have not gone down. Labor, fertilizer, taxes and insurance have not been lowered and parcel post has gone up. We know that living costs and expenses are affecting many of our customers as they are us and many of you may feel that you can't afford flower bulbs when you need potatoes. We are doing all we can to make new glad bulbs part of your plans for '49 and, of course, we hope you will choose Higgins Gorgeous Glads.

The prices of certain varieties do not necessarily mean that they are either superior or inferior to varieties in different price ranges although a new variety is introduced by its originator because, in his opinion, and, in the opinions of judges at shows and trial gardens throughout the country, it is an improvement over anything else in its class, and, of course, anything new is placed on the market at rather high prices. It has to be because seven to ten years of labor have gone into its production before there is any return from bulb sales. Another reason for higher prices is that certain varieties are notoriously slow in multiplication.

In spite of this condition, I should like to quote from a list published by the North American Gladiolus Council in their organ, "North American Gladiolus Bulletin." For those who are not familiar with the N. A. G. C., it is an Association of State Gladiolus Societies and their bulletin is published quarterly with a wealth of information for the glad fan. Better join your State Society and receive this valuable book. I quote in part from the bulletin, "A check of the 1948 show reports received for publication shows approximately 30 classes each dominated by a single variety that win at least 50% of the blue ribbons. This select list of varieties for 1948 includes Margaret Beaton, Leading Lady, Golden State, Picardy, Big Top, Corona, Bit-O-Heaven, Margaret Fulton, Black Opal and Vagabond Prince." The top winner was Burma, Elizabeth the Queen, King Lear, Lady Jane, Spotlight, Red Charm, Buckeye Bronze, Elizabeth the Queen with blue ribbons in 86% and Burma with 84%.

The list consisted of 32 varieties 17 of which I have listed as I have them in this catalog. The most of them are as low in price or nearly as low as the lowest and yet are consistent prize winners.

Complete cultural directions will be included in each order. All bulbs are state inspected and pronounced free of disease.

## PRICES

All prices include parcel post charges. Do not break groups. Do not order one at half the two rate. You may order 5 at one half the 10 rate and 25 at one quarter the 100 rate, but please do not change grouping otherwise.

Please send remittance by check or money order. We cannot be responsible for currency sent with order.

Last year I bought your glads and they were lovely, so am placing another order.  
Mr. W. L. G., Chestertown, Md.

Variety and Description	Per	Large	Med.
<b>WANDA</b>			
Wonderful large cream sport of Picardy that is really something to look at. One grower told me that his Wandas were shoulder high. Not always that high, but usually a nice tall spike. ....	2 10 100	.20 .80 6.00	.15 .60 4.50
<b>WHITE CAMELLIA</b>			
A nice medium size white of good texture. Not as large as I like but is just fine for those who do not like real large glads. ....	2 10 100	.25 1.00 8.00	— — —
<b>WHITE GOLD</b>			
Very large clear light cream shading to a lighter throat. Has 4-6 blooms open on long flower head. Nice tall plant and beautiful flower but needs a little extra care to do its best. Was magnificent for me last year.	2 10 100	.25 1.00 8.00	— — —
<b>SEEDLING #11</b>			
Dainty ruffled pink of medium height with 5-7 florets open at once. Several florists call this the prettiest glad on my farm. I wouldn't call it that but it is a nice glad. ....	2 10 100	.15 .60 4.00	.10 .40 3.00

**PLEASE** enclose a list of varieties that we can substitute in case we are sold out of some varieties that you have ordered. If we are sold out of a variety and you did not state second choice nor ask us not to substitute we shall substitute either a smaller size of the variety ordered (with enough extras to offset the price difference) or another variety as nearly like it as possible, unless otherwise instructed.

## ORDER EARLY

### Four Reasons Why

**FIRST COME FIRST SERVED.** The early buyer gets the pick of the bulbs. The largest bulbs are always selected first.

**THE EARLY BUYER** is more apt to get the varieties he wants before they are sold out.

**EARLY** in the season when we have a large stock we usually put in more and better extras than we can later when our stock is low.

**THE EARLY** planting is likely to give you better blooms than later plantings. So **PLEASE** order early.

## GUARANTEE

### Satisfaction is the rightful expectation of every buyer of merchandise

We try to do more than satisfy. We want to please you so much that you will tell your friends of Glad-Acres. But, for you to be perfectly satisfied with the quality of your blooms, depends on your care, your soil, the location, and the weather. Please consider these conditions before planting and remember that it takes more than a good healthy bulb to produce A-1 blooms. They appreciate a little care and attention to really flourish. Every precaution is taken at Glad Acres to assure you of disease- and thrip-free bulbs. To help you with your glads after you receive the bulbs from us we enclose with each order a sheet of cultural directions. If you follow these directions, you should be more than pleased with the result. However, due to so many local conditions beyond our control, soil, water, the care they receive, etc., we can not guarantee the final result of either the blooms or the bulb crop. We do guarantee each bulb to be true to name.

My glads are beautiful! The bulbs I ordered from you could not be finer.

Mrs. J. H. C., China Grove, N. C.

### EVIDENCE

"I am enclosing check for another order of bulbs for our W. S. C. S. This makes a total of 51 collections sold at a profit to us of \$25.50. We appreciate this opportunity that you have given us to make this money for our society."

Miss H. M. T., Sudlersville, Md.

"As all were so pleased with the bulbs and the plan itself, we want to again take up your plan offer."  
(This society sold 47 collections)

Mrs. D. C. H., Xenia, Ohio

"The Carmicheal Homemakers Club wishes 20 sets for which I am sending \$20.00 retaining \$10.00 for our Club. Backed by your splendid reputation, we are expecting our gardens to do very beautifully this year."

Mrs. O. P. A., Queenstown, Md.

**NORTH AMERICAN GLADIOLUS COUNCIL** publishes an up-to-date magazine of interesting gladiolus news and information,—four issues each year. You may become a subscribing member at the cost of one dollar per year. Send check or money order to the membership Secretary, Alfons Bazdorf, Lincoln Park, New Jersey. Use blank below. This organization is young but is growing by leaps and bounds and many of the state and other societies are affiliated with it. The magazine is a good one, running about 50 pages of interesting glad news.
